SUCCESS OF STUDENTS IN DEVELOPMENTAL COURSES

Applicable to Four-Year Colleges and Universities

Due August 1, 2001

According to Section 59-101-350, the Commission is responsible for collecting “the percent and number of students enrolled in remedial courses and the number of students exiting remedial courses and successfully completing entry-level curriculum courses” from four-year institutions to be included in the annual report to the General Assembly. The following information will be collected from the four-year colleges and universities, but excludes the research universities, as these institutions do not offer these types of courses.

For purposes of counting students who exit developmental courses and successfully complete the appropriate entry level course, a student in more than one developmental course and completing more than one entry level course should be counted once for each developmental courses he/she exits and once for each entry level course he/she completes. Appropriate entry-level courses for which successful completion is determined will be defined by the developmental instructor as the course for which the student is being prepared.
